AVVAI

SDG 5

A fair chance needs more than talent.

A Tamil-first companion for women athletes.

Illustrative scenario · AI-generated visual, not survey footage

01 EMPATHY

The barriers

Travel cost and timing. Scattered trial notices. Private questions about periods, recovery and mental wellbeing.

02 DEFINE

The question

How might women athletes find the right support, in their language, at the moment they need it?

03 IDEATE

The answer

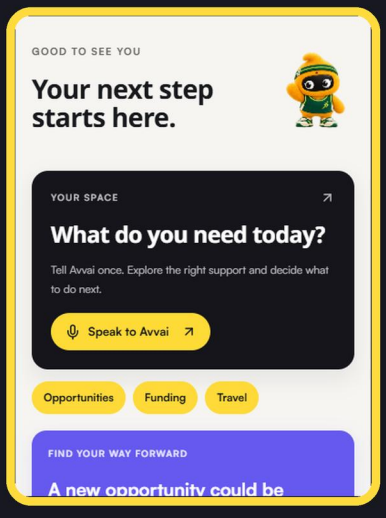

Ask Avvai by voice or text. Explore opportunities, travel, funding and wellbeing. Review each next step before acting.

THE WORKING PROTOTYPE

Speak. Discover. Choose your next step.

Voice or text in Tamil, Tanglish or English. Relevant options for opportunities, travel, funding and wellbeing.

Women stay in control of what they share and submit.

NEXT: test the assumptions with real women athletes.

Avvai · Ideathon idea submission · Design thinking: Empathy → Define → Ideate
